- A. Notification of adjacent property owners is mandatory prior to opening or change in use of an unimproved right of way.
- B. Trench finish treatment, replace in kind per City Standard Trench detail, unless other approved.
- C. Notify the City 48 hours in advance of construction related street closures for arrangements with the Fire and Police Departments.
- D. Contractor is responsible to notify utilities prior to street cut and provide signing and traffic control. One-Call Notification Center 1-800-332-2344.
- E. If use is determined to be in violation of the permit issued, the permit may be revoked administratively.
- F. The sewer connection must be inspected and receive approval by the City of Coos Bay **before** the work can be covered. All inspections must be scheduled 24 hours in advance.

****If the work is not inspected and approved by the City of Coos Bay, you will be required to re-excavate and provide access for the inspection. In the event this is not done, the Bond will be forfeited.***

As the applicant, I state that I have read and understand the conditions for using and doing work within the right of way. I further state that this permit is for the purpose stated and no other. I also understand that I am responsible for the quality of work and the liability resulting for said work.
