## Volunteer Firefighter Program

We would like to take this time to thank you for your interest in becoming a volunteer with the Coos Bay Fire & Rescue. We hope that this experience will be everything that you hoped it would be. The Fire Department and its many functions can be demanding on your time especially when you are first starting. Our department is what is called a combination department which means that we have both career and volunteer personnel. In addition to this staffing we also have a Student Firefighter program and an Auxiliary group.

The Department responds to almost 2700 alarms each year. These alarms consist of Fire, EMS, Technical Rescue, and Hazardous Materials response. We conduct full department training on Wednesday night each week from 7-9PM. The exceptions to this are the first Wednesday of each month is a volunteer meeting and around holidays we may decide to not have drills. The Department participates in many community events such as putting up and taking down holiday lights at Shore Acres, Parades, Open Houses, Fun Festival, Blackberry Arts, and on the Fourth of July we have a fishing derby for children at Mingus Park and fireworks in the evening. Our Volunteer Association is very active in the community and there are other events that we are requested to participate in.

Once you have been accepted you will be assigned a mentor who will be your contact person through the first year to help get you acquainted. Your mentor will meet with you on a weekly basis to complete your entry level Firefighter training within the first six months. Once that is complete there will be other required training each year to maintain your state certifications. If you are looking for a career in the fire service or just wanting to help our community, we hope that we are able to accommodate your needs. Again thank you for helping your community, and welcome to the team.
